Special characteristics

- Weather-proof
- Easy to set up for every application

PHILIPS

Features

High power LED

Philips Ledino outdoor lighting uses the latest state-of-the-art LED technology. It offers strong light output, high light quality and a long lifetime.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours a day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Choose outdoor wall lights

Make the most of your outdoor space with this wall light, perfect for mounting close to your front door or on your terrace walls.

Weather-proof

This Philips outdoor lamp is specially designed for humid outdoor environments and has undergone rigorous tests to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This lamp is designed with IP44: it is protected against splashing water. This product is most common and ideal for general outdoor use.

Powerful light

This outdoor lamp provides powerful warm white light. A bright pool of light to light up your garden or terrace.

Modern outdoor lighting

Impressive, bold and minimalist outdoor lighting by Philips. Ledino outdoor's elegant modern style is the perfect way to grace gardens, pathways and outdoor spaces with light.

Easy to set up

This lamp and the fittings are designed for a straightforward installation with all the useful things that you need to get up and running included in the box, like a Torx key and Torx screw. You'll find clear guidance about where you can install the product and relevant information about water-resistant IP ratings.
