- Cordless operation for freedom to clean everywhere
- Maximum flexibility to clean difficult areas
- Self-standing position for instant parking anywhere

Easy to clean
- 3 layer filter technology captures micro particles
- Bagless: One-step empty dust bucket

Thorough cleaning results
- PowerCyclone Technology for maximum performance
- Powerful 25.2V Lithium Ion battery for 1 hour cleaning
- TriActive Turbo nozzle captures all dust and fluff in one go

PHILIPS

2-in-1 handstick with PowerCyclone
Cordless Bagless, 25.2 V

FC6171/81

Highlights

25.2V Lithium Ion battery

Cordless cleaning with powerful 25.2V Lithium Ion battery for 1 hour runtime. You can charge any time without needing to wait for an empty battery

2-in-1 functionality

The 2-in-1 functionality gives you a stick vacuum cleaner and handheld vacuum cleaner in one. This allows you easy cleaning of both floor and furniture.

3 layer filter

3 layer washable filter can capture >90% of allergens like pollen, pet hair and dust, for a clean air.

Cordless operation

The rechargeable batteries for cordless operation gives you freedom to clean everywhere. Now the cable is not a barrier anymore and you can easily clean in different rooms with no hassle.

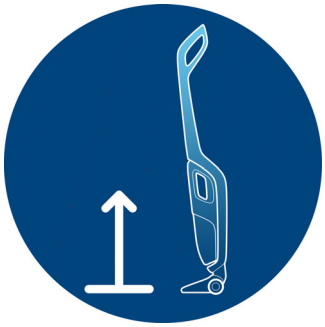
Maximum flexibility

PowerPro Duo is designed to reach everywhere, so you can easily clean under the couch, bed or table without effort.

PowerCyclone Technology

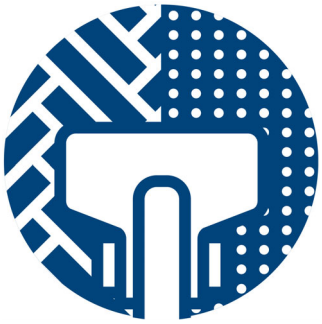
The PowerCyclone technology delivers thorough cleaning results in one go through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air in the cyclonic chamber to separate the dust from the air.

Self-standing parking position



The stick has a convenient parking position to stay upright, both with and without the handheld. Therefore, you can instantly park the stick anywhere you want, also while you are cleaning.

TriActive Turbo nozzle



The TriActive Turbo nozzle offers you the best cleaning performance on hard floors and carpets due to : 1) A motorized brush picks up all dirt and fluff in one go 2) It has maximum cleaning efficiency due to optimized airflow through the nozzle.
