Decorate your home with light

Marry bronze with amber glass and the result is an elegant ceiling light that fits perfectly in a contemporary interior. Dim the ceiling light to create any setting you desire. The solidity of the glass evokes a look of luxury.

Fit the lighting you really want

- Expressive and elegant forms, premium materials
- Multiple applications and finishes to suit your taste

Advanced LED light

- High Power LED
- High light quality with strong light output
- Warm white light effect
- Adjustable light intensity with dimmer switch

Sustainable light solutions

- Extremely long operating life
- Energy saving

PHILIPS

Highlights

Forms and materials

Offering multiple styles to blend perfectly into anyone's home, the Philips inStyle lighting fixtures are designed to match a wide range of interior decorations. With a range of applications and finishes available, they combine well with features such as curtains, furniture, paint and accessories to complete the look you want. Careful attention to detail and design help you to express your personal style and perfect your interior decoration, creating an inviting ambiance that you and your friends and family will enjoy.

Multiple applications

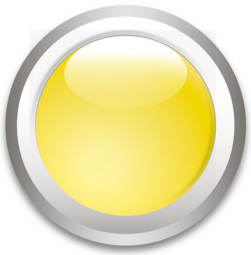

If you enjoy design, and like to experiment with the latest styles and themes in your home, try Philips inStyle. It's a range of decorative suspension lights, wall lights, ceiling lights, floor and table lamps in premium materials and different colours.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips, combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of high-power LEDs, providing a warm white light reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

High light quality

An LED lighting module of 7.5 W produces the equivalent light output as a 40 W incandescent lamp (350 Lumen). Save energy with strong light output.

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Specifications

Design and finishing
- Material: glass
- Colour: bronze

Extra feature/accessory incl.
- PowerLED integrated
- Compatible with wall dimmer

Product dimensions and weight
- Height: 12.6 cm
- Length: 14.3 cm
- Width: 14.3 cm
- Net weight: 2.100 kg

Technical specifications
- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 1
- Wattage bulb included: 7.5 W
- Maximum wattage replacement bulb: 7.5 W
- Light colour: 2700K warm white
- Lamp lifetime up to: 20,000 hrs
- Beam angle: 35°
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed

Service
- Warranty: 2 year(s)

Packaging dimensions and weight
- Height: 16.7 cm
- Length: 18.1 cm
- Width: 18.1 cm
- Weight: 2.340 kg

Miscellaneous
- Especially designed for: Living Room and Bedroom, Kitchen
- Style: Heritage
- Type: Ceiling light
