- Wide range of 12 V lamps to meet all functions

Highlights

Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

Designed for multiple usage

Which 12V lamp for which function? Philips Automotive offering includes all car specific functions: high beam, low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, licence plate lights, rear position/parking light, interior lights.

ECE homologation

Philips automotive products and services are considered best in class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high-quality products and tested to the highest specifications, our products are designed to maximise the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

Specifications

Marketing specifications
Expected benefits: More light

Product description
Application: Interior, Number plate, Rear indicator, Rear position/parking light, Reversing light, Reading light, Rear headlight
Base: BA15s
Designation: R10W
ECE certification
Range: Vision
Technology: Conventional
Type: R10W

Lifetime
Life time: 625 hrs

Light characteristics
Lumens: 125 lm

Electrical characteristics
Wattage: 10 W
Voltage: 12 V

Ordering information
Ordering code: 5547730

Packaging Data
Packaging type: B2
EAN1: 8711500055477
EAN3: 8711500417718

Packed product information
Height: 12.9 cm
Net weight per piece: 5.93 g
Gross weight per piece: 13.25 g
Pack Quantity: 2
MOQ (for professionals): 20

Outer pack information
Length: 14.5 cm
Width: 13.5 cm
Height: 13 cm
Gross weight per piece: 0.265 kg
