Highlights

OptimalTEMP technology

Thanks to OptimalTEMP technology, we guarantee this iron will never cause burns to any ironable fabric and you can iron everything from jeans to silk, from linen to cashmere safely, in any order, without waiting for the temperature to adjust or pre-sorting clothes. Philips steam irons with OptimalTEMP makes your ironing easier and faster and has been tested by independent textile experts .

2400W to heat up quickly

Delivers a fast warm-up and powerful performance to get your ironing done quickly

Deep, penetrating steam

Thanks for the special design for maximum steam penetration, now up to 20%* more steam through the fabric for great results, faster

Continuous steam up to 45g/min

Strong and consistent steam output now penetrates up to 20% more steam through fabric to remove creases faster.

Steam boost up to 220g

Penetrates deeper into fabrics to easily remove stubborn creases.

SteamGlide Plus soleplate

Our exclusive SteamGlide Plus soleplate – with its advanced titanium layer and 6-layer coating – delivers ultimate gliding performance over any fabric. Non-stick, scratch-resistant and easy to keep clean.

Quick Calc Release in 15 secs

Improved steam generation ensures calc breaks up easily and now collects up to 5x more calc* in container. With Quick Calc Release, the container is easily removed and emptied in under 15 seconds for long-lasting steam performance every day .

Auto shut-off

The iron shuts itself off if you leave it standing still. On its soleplate, it will automatically switch off after 2 minutes .On its heel rest, it will automatically switch off after 8 minutes.
