# Highlights

### Easy installation

Installing a luminaire can sometimes be difficult. With this Philips outdoor lamp, you can be sure that great attention has been given to making it easy and simple for you. This article is delivered with a torx key to be used during installation.

### Energy efficient

Philips outdoor is a range of affordable outdoor lighting products for the garden that combines contemporary designs with the latest energy-efficient technology. It saves up to 80% energy compared to traditional light sources. The result is as good for the planet as it is at keeping the money in your pocket where it belongs, year after year.

### Eye for detail

Each piece is constructed from high quality components and hard wearing materials like die-cast aluminium and stainless steel.

### High quality material

Built to last. Every piece in the Philips outdoor lighting collection uses high-quality materials and components to resist outdoor conditions.

### Many applications

Ideal outdoor lighting for a garden, terrace, pathway or balcony, Philips outdoor wall, post, pedestal and ceiling lights create a cosy, relaxing atmosphere when the sun goes down, as well as providing the reassurance of being able to see safely after dark.

### Stylish contemporary designs

The contemporary designs by Philips are stylish but understated, beautiful by day and night without overwhelming your garden or terrace.

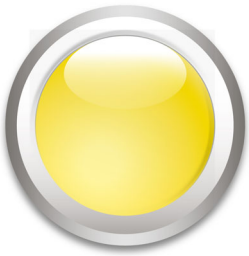

There's a full range of lights to choose from, so there's bound to be one to match your outside space and taste.

### Ultra-long bulb life

Philips bulb included with an ultra-long bulb life, up to 20,000 hours.

### Welcoming warm white light

Philips outdoor is a range of outdoor lamps that create a beautifully warm welcoming light. The light colour temperature is of 2700 Kelvin. It also provides plenty of light for clear visibility so that you can use your outside space however you like after dark, and relax knowing that it'll be safe and secure throughout the night.

### Double sided mounting

Direct the light up or down by simply changing the direction of the product cover.
