

USB battery pack

• 10,000 mAh

DLP2106/37

Versatile USB battery pack

USB-A + USB-C port power bank

Don’t get stuck without a charge. This ultra slim, travel-ready battery pack extends the life of your devices. The design includes dual USB ports - 1 USB-A port and 1 USB-C port - with a total charging rate of 4.5 amp/22.5 watts.

Benefits

Top Performance
• 1 USB-A and 1 USB-C ports charge two devices simultaneously
• 4.5A / 22.5W total charging rate

Portable power
• Works anywhere - great when you're not near a power source
• Recharge your devices multiple times on the go
• Works with USB-based devices

Smart design
• Power-indicator light to confirm status at a glance

Smart protection
• Battery protection and short circuit protection

PHILIPS

Features

Works anywhere

Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.

Recharge multiple times

This portable power source gives you the extra power for more than two full recharges on the go. Take it with you when you travel to have back-up power when you need it.

Works with USB-based devices

The universal unit has a USB connection for use with your USB-based device via the device's USB cable which you already own or can purchase separately.

Power-indicator light

The power LED light appears with the push of a button to let you know the power status of your battery pack at a glance.

1 USB-A and 1 USB-C port

1 USB-A and 1 USB-C ports charge two devices simultaneosly. USB-A port works most of USB-charged devices while USB-C is the latet charging connector which is now adopted by mobile devices such as cell phones, outdoor cameras and tablets.

4.5A / 22.5W total charging ra

4.5A / 22.5W total charging rate
