Giving light a new experience

Enrich your home with modern lines of light. This minimalistic white wall light casts powerful LED light and has a beautiful light effect. You can dim the light for a stunning ambiance.

Benefits

Elegant design meets innovative technology

- Fusion between light and design

High quality light

- Warm white light
- Sharp edged line light effect
- Adjustable light intensity with dimmer switch
- Philips offers 5 year warranty on the LED module and driver

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Features

Light and design

This design lamp has light with a minimalist essence that defies traditional boundaries, creating light and lightforms of inspiring purity and beauty.

PHILIPS

Warm white light

This light uses the very latest lighting technology by Philips with the new warm white state-of-the-art high power LEDs providing a glow of light with a colour temperature of 2700 Kelvin.

Sharp edged line light effect

To create decorative defined light patterns on your walls, choose for this Philips wall light. Special lenses positioned on the LED module direct the light into a defined light beam.

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

5 year warranty on LED system

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.

Specifications

[field not found 'disclaimer_text']

Design and finishing

Material	aluminium
Color	white

Extra feature/accessory incl.

Dimmable	YES
LED integrated	YES
High quality material	YES
5 years warranty on the LED module	YES

Product dimensions & weight

Height	4.2 cm
Length	11.5 cm
Width	13.5 cm
Net weight	0.580 kg

Technical specifications

Mains power	Range 220 V - 240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs	1
Wattage bulb included	6.5 W
Light color	warm white
Beam angle	35°
Total lumen output fixture	270 lm
Fixture dimmable	Yes
LED	Yes
Lifetime up to	20,000 hrs
