Removes up to 7x more plaque*

Exceptional plaque removal every day

The Philips Sonicare C2 Optimal Plaque Defence toothbrush head (formerly ProResults plaque control) is perfect for those who want to maintain optimal plaque removal as part of their everyday oral healthcare routine. All brush heads are interchangeable with all our toothbrushes.

For exceptional care of teeth and gums

- Up to 7x more plaque removal than a manual toothbrush

Innovative technology

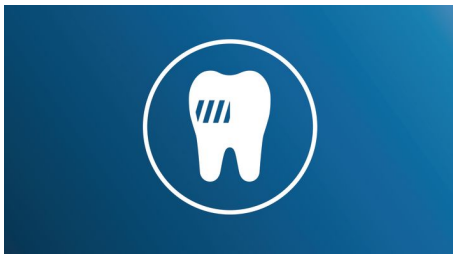
- Automatically selects optimal mode for ultimate results**
- Tested to meet your oral health needs
- Philips Sonicare's advanced sonic technology

Designed to optimise performance

- Always know when to replace. Always get an effective clean.
- Click-on design for simple brush head placement

Highlights

Say goodbye to plaque



Densely-packed, high-quality bristles remove up to 7 x more plaque than a manual toothbrush. And the specially curved power tip makes reaching the teeth at the back of your mouth a breeze.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature**. The Philips Sonicare C2 Optimal Plaque Defence brush head syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle**, selecting the optimal brushing mode and intensity level for exceptional cleaning. All you need to do is start brushing.

Brush head replacements

Brush heads become less effective after 3 months' use, but with BrushSync™ you'll be reminded before this happens. Your smart toothbrush will track how often and how hard you brush and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles — when they turn white you'll know it's time for a fresh brush head.

Easy to click on

Your Optimal Plaque Defence brush head fits perfectly with any Philips Sonicare toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.

The only true sonic technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.
