AEG

Gas Hob 60 cm

HG654351SM

Slim, sleek and 20% faster.
The new AEG gas hob is faster in getting that right flavour. The speed burners in this hob gives you 20% more speed compared to a normal gas hob and the smooth stainless steel surface fits perfectly in your kitchen design.

The new AEG gas hob is faster in getting that right flavour. The speed burners in this hob gives you 20% more speed compared to a normal gas hob and the smooth stainless steel surface fits perfectly in your kitchen design.

Product Benefits & Features

New generation of Burners
The design of the speed burners in this AEG gas hob allows the flame to directly target the bottom of the pan, providing quicker heat and greater efficiency. These high speed burners get you cooking up to 20% faster.

- Steel capped control knobs
- Rotary controls
- Cast iron pan supports
- Automatic integrated ignition
- Safety gas cut off using thermocouples

Design aligned with your style
This hob works great and looks even better. Its stunning design allows it to align with any stylish, contemporary kitchen.

Keep your pans steady and the heat in the right place
Cast iron pan supports provide a robust, durable cooking support with a professional appearance. Safe and long lasting, our cast-iron pan supports provide a robust cooking surface with a highly professional appearance. Your pots and pans will always have the support they require

Light the gas with just one hand
You have total control over ignition. Simply activate the gas burner you need by gently turning and pressing then knob.
