Highlights

Light and design
This design lamp has light with a minimalist essence that defies traditional boundaries, creating light and lightforms of inspiring purity and beauty.

Up and down light effect
This wall light beams light upwards and downwards, to create elegant and powerful decorative light effects on your walls.

Warm white light

This light uses the very latest lighting technology by Philips with the new warm white state-of-the-art high power LEDs providing a glow of light with a colour temperature of 2700 Kelvin.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

Diffused light effect
The diffused light of the Philips lamp will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

On/off switch on article
With the button discreetly integrated to the article, you can easily switch the light on and off.

Specifications

Design and finishing
- Material: aluminium
- Color: chrome

Extra feature/accessory incl.
- On/off switch on article
- LED integrated
- Defined light beams
- Bi-directional light beams
- Pull relief

Product dimensions & weight
- Height: 12.5 cm
- Length: 14.7 cm
- Width: 6.7 cm
- Net weight: 0.670 kg

Technical specifications
- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 2
- Wattage bulb included: 2 W
- Light color: 2700K warm white
- Lamp lifetime up to: 20,000 hrs
- Total lumen output fixture: 260 lm
- Fixture dimmable: No
- LED
- Built in LED
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed
- Light source equivalent to traditional bulb of: 15 W

Service
- Warranty: 2 year(s)

Packaging dimensions & weight
- Height: 15.9 cm
- Length: 13.3 cm
- Width: 10.8 cm
- Weight: 0.810 kg

Miscellaneous
- Especially designed for: Living- & Bedroom
- Style: Modern
- Type: Wall light
