- Stainless steel blades & adjustable comb, trims hair 3-11mm
- Rounded tips and hypoallergenic foil for skin comfort
- 70 minutes cordless use after an 1-hour charge
- Easy to clean and use in or out of the shower
- Ergonomic grip for maximum control

Built to last
- 2 year guarantee, worldwide voltage, no oil needed

Highlights

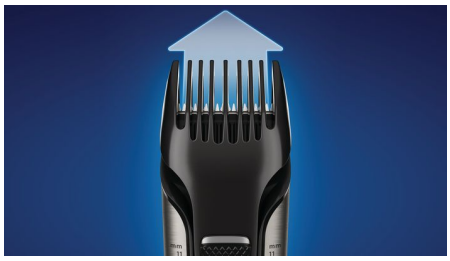
Effortless body grooming

Conveniently shave and trim below the neck. Easily switch between shaving and trimming, and adjust trim lengths without changing attachments. Designed as a safe and comfortable grooming solution for back, shoulders, chest, abs, underarms, arms, groin area and legs.

2-D contour following shaver

The added flexibility of our shaver head easily adapts to the contours of your body, giving you a smooth shave all over. Less pressure is needed to shave closely.

Integrated trimmer with comb



The integrated trimmer and adjustable comb with 5 length settings is designed to offer more power to cut even the thickest hair. The trimmer's steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective. The blades have rounded tips for smooth contact with skin to prevent scratching. To maintain your desired hair length or get a natural look, adjust the comb to a length between 3-11mm. You can use the shaving system on the other side, for a closer result.

Skin-friendly shaver

The shaver head features patented rounded tips and a hypo-allergenic foil to protect your skin while shaving. The bi-directional trimmers cut longer hairs, which are shaved by the foil for a closer result.

Rechargeable battery power

High-power rechargeable battery for full body use, with 70 minutes of cordless use after an 1-hour charge. The battery light indicates power status, when the battery is low or full.

100% Showerproof

Provides a comfortable and close result in or out of the shower. The body groomer is fully water-resistant, so you can simply rinse it clean when you've finished. For longer hair, trimming performance may be better on dry hair.

Ergonomic grip

The rubber grip is designed to ensure optimal handling even when wet, for better control during use, in or out of the shower.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage, and never need oil
