Highlights

Forms and materials
Offering multiple styles to blend perfectly into anyone's home, the Philips inStyle lighting fixtures are designed to match a wide range of interior decorations. With a range of applications and finishes available, they combine well with features such as curtains, furniture, paint and accessories to complete the look you want. Careful attention to detail and design help you to express your personal style and perfect your interior decoration, creating an inviting ambiance that you and your friends and family will enjoy.

Multiple applications

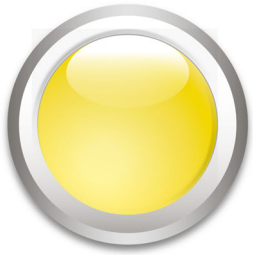

If you enjoy design, and like to experiment with the latest styles and themes in your home, try Philips inStyle. It's a range of decorative suspension lights, wall lights, ceiling lights, floor and table lamps in premium materials and different colours.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips, combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of high-power LEDs, providing a warm white light reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Dimmer on article

A dimmer is provided on the lamp itself, allowing you to simply adjust the light to the way you want it.
