- Try 6 different pasta types

Highlights

Auto-weighing Technology

Thanks to built-in Auto-weighing technology, Philips Pasta maker weighs the flour and indicates the correct amount of liquid automatically, making the whole process easier and more convenient than ever.

Automatic Process

After choosing program and pressing start button, the machine automatically mixes, kneads and extrudes in one go.

Powerful Extrusion

With advanced engineering and robust design, the Philips Pasta maker can apply 1600 lb force on the dough during extrusion, which not only enables a fast making process but also guarantees perfect texture and taste of the pasta.

Customise healthy ingredients

Customise healthy ingredients to your taste.

Prepare healthy pasta

Prepare healthy and colourful pasta that kids will love.

Experiment with Gourmet pasta

Experiment with Gourmet pasta dishes for your family and guests.

Various Pasta Types

6 shaping discs are included to make Spaghetti, Penne, Fettuccine, Lasagna, Angel Hair and Thick spaghetti.
