Highlights

Seeing well is essential
Being able to see well is essential for good results at the mirror, which is why each lamp features a high-quality light source for confident grooming. The bathroom lighting range uses the latest energy-saving technology for good quality light that provides plenty of illumination without being harsh.

Many applications
There's a wide choice of wall and ceiling lights. The collection offers large ceiling lights that light your whole bathroom in a comfortable and pleasant way. In addition, there are wall lights that provide clear, bright light without shadow for precision tasks at the mirror, such as shaving, applying make-up and putting in contact lenses.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips, combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Dimmable

Adjust the light intensity with a dimmer switch (not included).This makes it easy to adjust the bathroom lighting to suit your requirements and create the atmosphere you need in your bathroom.

Fill your bathroom with light
InStyle bathroom lamps enhance any bathroom decor with their stylish and solid construction. Hard-wearing premium materials like brushed steel, aluminium and glass are complemented by careful attention to the smallest details, such as smooth, rounded edges and machined surfaces with no protruding parts. There's a range of contemporary designs and elegant decorative touches with a clean and simple style.

IP65 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP65: it is suitable for use as shower lighting.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours a day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

5-year warranty on LED system

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

Specifications

Design and finishing
- Material: aluminium, synthetics
- Colour: matt chrome

Extra feature/accessory incl.
- Dimmable
- LED integrated
- Waterproof
- 5 year warranty on the LED module

Product dimensions and weight
- Length: 7.5 cm
- Width: 7.5 cm
- Net weight: 0.538 kg
- Recessed distance: 12 cm
- Cut out length: 6.7 cm
- Cut out width: 6.7 cm

Technical specifications
- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 1
- Wattage bulb included: 6 W
- Maximum wattage replacement bulb: 7.5 W
- Light colour: warm white
- Beam angle: 35°
- Total lumen output fixture: 290 lm
- Fixture dimmable
- LED
- Lifetime up to: 20,000 hrs
- IP code: IP65, dust tight, protection from jetting water
- Class of protection: III — safe extra low voltage
- Light source equivalent to traditional bulb of: 56 W

Service
- Warranty: 5 year(s)

Packaging dimensions and weight
- Height: 15.6 cm
- Length: 13.3 cm
- Width: 10.8 cm
- Weight: 0.674 kg

Miscellaneous
- Especially designed for: Bathroom
- Style: Modern
- Type: Recessed spot light
