- Warm white light
- Diffused light effect
- Adjustable light intensity with dimmer switch
- Philips offers 5 year warranty on the LED module and driver

Sustainable light solutions
- Extremely long operating life
- Saves up to 80% energy

Special characteristics
- Adjustable height

Features

Light and design

This design lamp has light with a minimalist essence that defies traditional boundaries, creating light and lightforms of inspiring purity and beauty.

PHILIPS

Warm white light

This light uses the very latest lighting technology by Philips with the new warm white state-of-the-art high power LEDs providing a glow of light with a colour temperature of 2700 Kelvin.

Diffused light effect

The diffused light of the Philips lamp will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment.

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Adjustable height

This Philips light is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Specifications

[field not found 'disclaimer_text']

Design and finishing

Material	aluminium
Color	aluminium

Extra feature/accessory incl.

Dimmable	YES
LED integrated	YES
Adjustable height	YES
5 years warranty on the LED module	YES

Product dimensions & weight

Height minimum	6.2 cm
Height maximum	150 cm
Length	75 cm
Width	3.3 cm
Net weight	1.140 kg

Technical specifications

Mains power	Range 220 V - 240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs	2
Wattage bulb included	6.5 W
Light color	warm white
Beam angle	85°
Total lumen output fixture	420 lm
Fixture dimmable	Yes
LED	Yes
Lifetime up to	20,000 hrs
