PHILIPS

## Features

### Saves up to 80% energy

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventionnal bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

### Ultra long bulb life

Philips bulb included with an ultra long bulb life, up to 6.000 hours.

### Robust and reliable

Built to last. Every piece in the Philips Ecomoods lighting collection uses high quality materials and components. Now with Philips Ecomoods, you can buy a highly qualitative lighting fixture that lasts and lasts .

### Stylish contemporary designs

Ecomoods has a clean, contemporary look that breaks the mould of traditionally bulky and unattractive energy savings products. Slim and chic, each design lamp in the collection has been carefully designed as the perfect combination of form and function.

### Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

### On/off switch on article

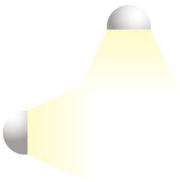

With the button discreetly integrated to the article, you can easily switch the light on and off.

### Rotates freely

You can rotate the lamp head of the Philips lighting fixture in the desired direction and bring light where needed.

### Wall and ceiling installation

Install this lamp as a wall light or ceiling light, just the way you like it.

### Aluminum

Highly contemporary, aluminum is a soft, durable, light-weighted material with a soft silver color.
