

DALI Square Track

ZCS750 5C6 XCP BK (XTSC638-2)

3-circuit power track adapter with DALI pulse control GAC600 - X-coupling piece 4x 90°

Designed for use with DALI projectors with a dedicated adaptor, the DALI Square Track is ideal for users who want lighting flexibility to create a specific ambience in their shop and to reduce energy consumption. The system is made up of a solid aluminum track, which is available in various lengths and with a choice of electrical conductors. Any given configuration can be easily created – horizontal or vertical, mounted on or in the ceiling, on the wall or on free-standing panels. The system can also be used as a floating structure. All luminaires have a separate power supply and can be switched selectively. They can easily be moved to alter the lighting and presentation. In this way, a multifunctional track system can be created for accent lighting as well as for suspending advertising and decorative material.

Product data

General Information	
Suspension accessories	-
Mechanical accessories	-
Accessory color	Black
