Special characteristics
- Brushed aluminium
- Cable exit

PHILIPS

Features

Accent lighting

This Philips spot light has the perfect light beam for accent lighting. With bundled light you can emphasise any detail or feature in your interior.

Direct the light as you like

This Philips myLiving spot light puts you in full control of your home lighting. The flexible spot heads rotate freely in any direction, allowing you to direct the light where you need it most.

For any room in your interior

Fully functional and at the same time very elegant, this Philips spot light will bring a decorative touch to any room in your home.

Pure and modern shapes

Philips myLiving spot lights are designed to fit perfectly with modern interior decoration. Their sleek lines and simple forms will blend perfectly in any modern interior. Clean and confident, they provide the perfect style accent.

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Brushed aluminium

Highly modern, this variant of aluminium offers the same beauty completed by a brushed look, giving extra relief to the surface of the lamp.

Cable exit

A cable exit allows you to mount the lamp on your wall and connect it with a normal wall plug.
