Highlights

For a spacious sound experience
Openings in the ear shells and the fabric covering maximise airflow to provide natural sound transparency and optimise the acoustic performance.

In-line mic and pick up button
In-line mic and pick up button for easy conversation

Designed for comfort
The design is based on ear geometry for comfortable wear and a snug fit for everyone.

Ergonomic design
This ergonomic design will fit perfectly into your ear canal

12.2 mm neodymium drivers
High-powered enlarged 12.2 mm neodymium drivers for exceptional sound performance

Neodymium speaker drivers
Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and a pure balanced sound quality.
