# Decorate your home with light

Let your home sparkle with this shiny Philips myLiving Coda wall light. Its double layered head in metal and glass creates a sparkling light effect. The light intensity can be adjusted to suit every occasion.

### Sustainable light solutions

- Compatible with in-wall dimmers
- Philips bulb always included
- Warm white light

### Designed for your living room and bedroom

- Perfect to relax and socialise
- Create a stylish and welcoming atmosphere

# Highlights

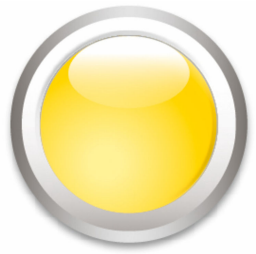
### Compatible with in-wall dimmers

Adjust the brightness of this Philips light with an in-wall dimmer (not included) to set the mood in the room, highlight a feature of your home and more.

### Philips bulb always included

High-quality Philips light bulbs are included in the box for achieving the best light effect.

### Warm white light



Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

### Perfect to relax and socialise

The living room is the heart of any home: a place where families gather to relax and guests socialise. Lighting for your living room and bedroom has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and gives the room a warm and welcoming feel.

### Create a stylish atmosphere

This light is designed around the latest tastes, trends and lifestyles to blend effortlessly into your décor and define the localised ambience you have always desired.
