Automate your lights

for peace of mind

Enhance your feeling of security with the brilliant white light of two outdoor flood light bulbs. Connect to the Hue Bridge and use the Hue app to create a "Welcome home" scene or program a routine to ward off intruders.

Limitless possibilities

- Make it look like you're home with smart lights
- Come home to a house filled with light
- Control away from home with the Hue app
- Control lights with your voice
- Sync your smart lights to sunrise and sunset
- Connect to your Hue Bridge for full smart lighting control

PHILIPS

Single PAR38 outdoor
1 x PAR38 bulb Bright white light, Smart control with Hue Bridge*, Weatherproof

046677476816

Highlights

Make it look like you're home

Use the Philips Hue app to schedule light routines whenever you're away. Your smart lights will turn on at the times you've selected — and sometimes a few minutes before or after — to truly mimic your presence in the house.

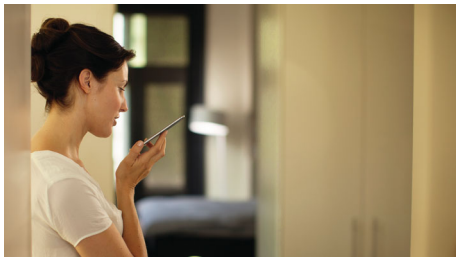
Come home with light

Set your Philips Hue app to recognize when you're nearing home. Before you even step out of your car or walk up the path, your selected smart lights turn on automatically.

Control lights away from home

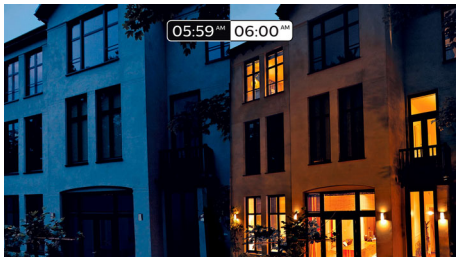
The Hue app gives you complete control over your lights, even if you're not home. Switch your lights off and on remotely using just the app to ensure your home is always lit the way you want it.

Control with your voice



When connected to the Hue Bridge, you can pair your lights with Alexa, Apple HomeKit, and the Google Assistant and control your lights using just your voice. Simple voice commands let you turn your lights on and off, dim or brighten your lights, and even set a light scene.

Sync with sunrise and sunset



Coordinate your smart lights with the sun or ensure you get more light out of your day. Set timers to turn your lights on and off whenever you'd like, or simply sync your lights with the sunrise or sunset.

Connect to the Hue Bridge

This product requires a connection to the Hue Bridge to unlock the full smart control and features. Control your lights using the Philips Hue app, set timers, routines, add or remove lights and more.
*Hue Bridge sold separately
