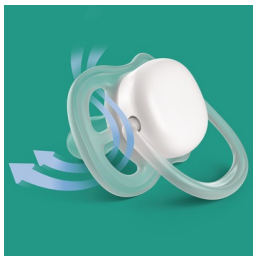
- Learn how to help your little one become pacifier free

Highlights

Extra ventilation



Extra large air holes gently ventilate your baby's skin to keep it soft and dry.

Light, rounded shield

ultra air is designed with a lightweight shield and rounded edges for maximum comfort.

Orthodontic, extra firm nipple

Our symmetrical nipple respects the natural shape of your baby's palate, teeth and gums. It's also extra firm, which makes it ideal for growing mouths.

Silky nipple

Everything about the ultra air pacifier is designed to feel light and comfortable, including the silky nipple.

Easy sterilization & storage

The ultra air travel case doubles as a sterilizer, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.
