# IAE84881FB Built-in Hob

**Precision at its core**

The SensePro® hob gets every dish right. The wireless food sensor measures the core temperature of food. Boil pasta, simmer sauce, pan-fry a steak – whether rare, medium or well-done. It’s even possible to sous-vide on the hob. It’s the personal sous chef for

**Master food. To the exact degree**

Master every dish with the SensePro® food sensor. The wireless probe identifies temperatures to the exact degree and communicates heat adjustments to the hob. It can even measure and maintain precise water temperatures, meaning it’s now possible to sous

**One touchscreen. Total control over cooking**

A single, full colour touchscreen provides complete control over the hob. Monitor live feedback for each zone and adjust the settings accordingly. It's an intuitive way to finesse the cooking process – all it takes is a touch.

**More Benefits :**

• Bridge function – turns two heat zones into one big or double zone

• Hob2Hood technology for a fresh-smelling kitchen

• Get accurate results for each dish with the individual zone timer.

**Features :**

• Powerful booster
•15 stage digital power level displays
•Child safety control lock
•Control lock
•Auto safety switch off
•Front left: 1 large induction zone with booster
•Front middle: 1 small induction zone

**Technical Specs :**

• Hobs Dimensions : 780x520
•Aperture dimensions HxWxD in mm : 44x750x490
•Radius cutting : 5
•Total electricity loading, W : 7350
•Hob safety : Automatic Switch Off
•Left front - Power/Diameter : 2300/3200W/210mm
•Middle front - Power/Diameter : 1400/2500W/145mm
•Rear - Power/Diameter : 2300/3200W/210mm
•Right rear - Power/Diameter : 2300/3600W/240mm
•Gas supply: natural gas : No
•Gas replacement : No
•Gas replacement : No
•Residual heat indicator : 7 Segments
•Led Colour : Red and white
•ProdPartCode : E - Generic Partner All
