

Headphones with mic

- 40-mm drivers/closed-back
- On-ear
- Doughnut-shaped soft cushions
- Compact folding

SHL5505YB/00

Clear detailed sound

With excellent isolation and foldable design

Urban fashion gets an innovative twist with the biker-inspired CitiScape Foldie. Put pedal to the metal with this savvy headphone that ensures clear, detailed sound and excellent noise isolation via a closed acoustic system and premium drivers

Benefits

Total sound immersion on the move
- 40-mm high-performance neodymium drivers for sound clarity
- Closed acoustic design for greater bass and noise isolation
- Pre-tilted ear shells fit any ear for excellent sound sealing

Supreme comfort
- Flexible metal arm designed for long listening comfort
- On-ear soft cushions for added comfort

Designed to stun
- Compact foldable design for easy portability and storage
- Handcrafted headband inspired by urban bike handlebars

Design for convenience
- Switch from music to phone calls with built-in microphone
- Detachable anti-tangle fabric cable keeps you knot-free

PHILIPS

Features

40-mm premium neodymium drivers

High-performance 40-mm neodymium drivers reproduce a wide frequency range accentuated with excellent sound details. Enjoy every nuance in your favourite music – from extended bass notes and warm mid-tones to crystal clear highs.

Built-in microphone

Your CitiScape headphones feature a built-in microphone so you can easily switch from listening to music to taking phone calls. It's a breeze staying connected with your music — and with the people who matter most to you.

Closed acoustic design

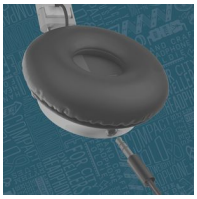

Be part of the city's buzz but not its noise. With the closed acoustic on-ear design, every sound detail is isolated, allowing you to enjoy greater music detail as well as extended and dynamic bass.

Compact foldable design

Your headphones can be compactly folded for easy storage and portability.

Detachable anti-tangle cable

Say goodbye to wrestling with knotted and messy cables in and out of your bag. Your CitiScape headphones' detachable anti-tangle cable stays kink- and knot-free – always. Now you can focus on what matters most, like enjoying your music with ease wherever you go.

Flexible metal arm design

Inspired by bike wiring, the ear shells and headband are connected by lightweight but durable metal wiring, ensuring secure, long-wearing comfort.

Handcrafted headband

Inspired by the woven wrapping around bike handlebars, the headband is handcrafted using leatherette for an edgy style statement.

On-ear soft cushions

On-ear soft cushions comfortably hug the contours of your ears for the best possible fit – whatever your head shape. Immerse yourself in your music for as long as you like – in fact, they feel so good that you may even forget that you have them on!

Precisely tilted ear shells

Pre-tilted ear shells perfectly fit your ear's natural angle, providing an excellent sound seal so you can truly immerse yourself in your music.
