S1223/41

Fresh shave, Smooth finish

Philips AquaTouch shaver 1000 gives you an affordable, smooth and refreshing wet or dry shave with self-sharpening ComfortCut blades.

A comfortable shave

- ComfortCut Blades engineered to glide smoothly over skin
- 3D Floating Heads move for a convenient clean shave

Get the most of your shaver

- Pop-up trimmer for mustache and sideburns

AquaTouch

- Aquatec for a refreshing wet or convenient dry shave
- Skin Protection System allows smooth gliding to protect skin
- 27 self-sharpening blades ensure a consistent, clean shave

Easy to use

- One-touch open for easy cleaning
- 1-level battery indicator to get the best from the shaver
- 40 minutes of cordless shaving from an 8-hour charge
- Ergonomic grip for convenient handling
- Protection cap keeps the shaving head clean between shaves

Highlights

ComfortCut Blades

Get a clean shave that's comfortable on your skin. Rounded blade caps shield 27 self-sharpening blades to gently cut hair just above skin level and help the shaver glide smoothly over your skin.

3D Floating Heads

Get a convenient, clean shave with the 3-directional floating heads. They move to adjust to the curves of your face, creating smooth contact with your skin without a lot of pressure.

Pop-up trimmer

Finish your look with the built-in trimmer. It's ideal for maintaining your mustache and trimming your sideburns.

Aquatec Wet or Dry

Get a convenient dry shave or a more comfortable wet shave with gel or foam, even in the shower.

One-touch open

Clean the shaver with ease. At the touch of a button, flip open the shaver head and rinse with water.

1-level battery indicator

Use the intuitive indicator to see when the shaver battery is low, empty or fully charged.

40 minutes of cordless shaving

Shave cordlessly for up to 40 minutes after an 8-hour charge. The shaver only operates when not charging.

Skin Protection System

Designed to prevent nicks and cuts for a clean and protective shave. The Skin Protection System glides smoothly across your skin with its rounded head profile, while keeping your skin protected.

27 self-sharpening blades

Get a consistently clean shave every time with 27 self-sharpening precision-engineered blades.

Ergonomic design

Confidently handle your shaver with the ergonomic design that helps you keep a secure grip as you shave.
