- Descaling alarm for longer product lifetime
- Frontal water tank extraction
- Double-walled, pressurised crema filter
- Pre-heating cycle for higher temperature in cup
- Pre-brewing function for flavour enhancing
- Boiler temperature gauge for full control

Highlights

Classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called a "Pannarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato and more. It also delivers hot water for tea.

Coffee-pod compatible

Our Gaggia manual machines come with a coffee filter for 1 or 2 cups of ground coffee and a special filter for "ESE" (easy-serve Espresso) pods. These ESE pods are perfectly portioned and make it easier to operate a manual Espresso machine.

Descaling alarm

Your Gaggia machine will indicate when a descale cycle becomes necessary. Descaling will prolong the lifetime of your Espresso machine significantly and should only be completed with the original Gaggia descaler.

Frontal water tank extraction

Double-walled crema filter

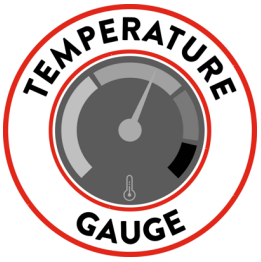

Pre-heating cycle

Pre-brewing system

Pre-brewing for even more enjoyment. Thanks to the Pre-brewing Technology, the coffee grounds are moistened before the actual brewing process – ensuring that the aroma unfolds even better.

Boiler temperature gauge

The Gaggia boiler temperature gauge allows professional monitoring of the water temperature in the boiler so you always get the best result in the cup.

Specifications

Weight and dimensions

Product dimensions (L x D x H): 210 x 300 x 280 mm
Water tank capacity: 1.4 l
Maximum cup height: 90 mm
Product Weight: 4 kg

Technical data

Pump Pressure: 15 bar
Power: 1900 W
Boiler: Stainless steel
Voltage: 230 V
Frequency: 50 Hz

Service

2-year worldwide guarantee: Yes

Features

Suitable for pods: Yes
Hot water/Steam Nozzle: Yes
Brita Filter compatible: Yes
Cup holder: Yes
