Product Benefits & Features

Control the fridge freezer's all settings
The temperature display with advanced Touch Controls lets you take full control of the storage conditions of your food. The controls are so sensitive that you can adjust the settings precisely with just the lightest touch of a finger. The display relays feedback about the current temperature and functions selected.

Bright and even light that shines into every corner of your fridge
LED lights represent the most cutting edge lighting technology, which is why AEG-Electrolux has integrated them inside this fridge freezer. The internal LED lighting produces a brighter light, which shines evenly across the whole space. Plus, LED technology is smaller and more energy efficient, for

Soft-closing door for correct and quiet closing every time
Accurately crafted door hinges help to prevent accidently open fridge freezer doors that can lead to wasted energy and spoiled food by ensuring a snug, secure and quiet experience when closing the door.

Perfectly fresh food – straight from your freezer
The FastFreeze function activates the maximum freezing power, so your fresh produce freezes as quickly as possible. The freezer then returns to its normal setting.

Quickly reach optimum temperature of the refrigerator for your fresh food
The Coolmatic function brings your fresh food down to the optimum storage temperature quickly and efficiently. The function of the fridge switches off automatically when the job is done.
