Product Benefits & Features

Every shelf. Evenly chilled
DynamicAir Technology from AEG maintains a constant airflow to guarantee a stable temperature throughout the refrigerator. Every shelf, evenly chilled. From top to bottom. Preventing warm zones. Prohibiting bacteria growth. Preserving those fresh ingredients.

Control the fridge freezer's all settings
The temperature display with advanced Touch Controls lets you take full control of the storage conditions of your food. The controls are so sensitive that you can adjust the settings precisely with just the lightest touch of a finger. The display relays feedback about the current temperature and

Bright and even light that shines into every corner of your fridge
LED lights represent the most cutting edge lighting technology, which is why AEG-Electrolux has integrated them inside this fridge freezer. The internal LED lighting produces a brighter light, which shines evenly across the whole space. Plus, LED technology is smaller and more energy efficient, for

Perfectly fresh food – straight from your freezer
The FastFreeze function activates the maximum freezing power, so your fresh produce freezes as quickly as possible. The freezer then returns to its normal setting.

Adjust the settings until they suit your needs exactly
With separately controlled fridge and freezer compartments, this fridge freezer gives you more control options to choose from. You can set the temperatures to match your own specific preferences, and adjust them as and when your needs change.

- LCD touch display
- Electronic temperature control
- Holiday setting
