Experience dimmable, warm white LED light

Create your desired ambiance with dimmable LED

Philips LED light bulbs provide a beautiful, warm white light, an exceptionally long life, and immediate, significant energy savings. With a pure and elegant design, this bulb is the perfect replacement for your clear incandescent bulbs.

Warm sparkling light
- True incandescent-like warm white light (2700 K)

Easy to use
- Dimmable
- Instant light when switched on

Create a warm atmosphere
- High color rendering (CRI > 80) for vivid colors

Innovative design
- Our perfectly clear LED light bulb

Sustainable choice
- Very low energy consumption; saving at least 80%

PHILIPS

Bulb
11W (60W) E27 cap, Warm White, Dimmable

046677424381

Highlights

Warm white light (2700K)
Light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more cozy light, while those with a higher Kelvin value produce a cool, more energizing light.

Dimmable

Designed to provide quality dimming to create the right ambiance for any activity, from relaxed to active atmospheres.

High color rendering (CRI>80)

The color rendering index (CRI) is used to describe the effect of a light source on color appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colors truly and naturally.

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

Our perfectly clear LED bulb

Philips LED technology is continously developing and creating even better replacements for traditional light sources. This innovative LED bulb is the perfect replacement for clear incandescent light bulbs, while far surpassing them in terms of energy efficiency.

Very low energy consumption

By replacing traditional light bulbs with a Philips LED alternative, you will gain immediate, significant energy savings while contributing to a sustainable planet.

Specifications

Bulb characteristics
- Cap/fitting: E26, E27
- Dimmable
- Shape: Bulb
- Type: A-Type
- Voltage: 110 - 130 V

Durability
- Average life (at 2.7 hrs/day): 25 year(s)
- Lifetime of lamp: 25000 hour(s)
- Lumen maintenance factor: 0.7

Light characteristics
- Color temperature: 2700 K
- Light effect/finish: Warm White
- Light output: 830 lumen
- Color rendering index (CRI): 81
- Color: Warm White
- Warm-up time to 60% light: Instant full light

Power consumption
- Wattage: 11 W
- Wattage equivalent: 60 W
- Power consumption per 1000h: 11 kW h
- Energy efficiency label: A+

Rated values
- Rated luminous flux: 830 lumen
- Rated lifetime: 25000 hour(s)
