*Compared to Avance collection juicer HR1869/70, HR1869/71, HR1869/73

Highlights

Compact design

At only half the size*, this juicer takes up limited space. You can leave it on your kitchen counter top or store it easily.

Juice up to 1.5 L in one go

Save time and juice more with less effort. This fruit juicer machine can make up to 1.5L of juice in one session without needing to empty the pulp container. It’ s ideal for making multiple servings. Great for busy mornings or hosting friends and family.

Direct serve

This juicer allows you to use your own glass (max. height 12 cm). Place it directly under the integrated tap and you are ready to juice.

Powerful 500W motor

Juice the toughest fruits and vegetables with the 500 W motor.

QuickClean technology

The Philips juicer is designed for easy cleaning thanks to QuickClean technology. Cleaning can now be done within 1 minute, thanks to the integrated pulp container and smooth surfaces.

Drip stop

The integrated drip stop allows you to stop between juicing sessions, keeping your worktop spotless. Activate the drip stop by simply turning the spout.

Pulp in one place

The round shape, without nooks and crannies, means that leftovers are collected in the pulp container.

See-through pulp container

Enjoy a true interactive juicing experience. The lid and the pulp container are transparent so you can see your fruits and vegetables being juiced. You also directly see when the container is full, which means it is time to empty it.

Dishwasher safe

For even easier and faster cleaning all removable parts can be safely cleaned in the dishwasher.
