Benefits

Designed for your kids' room
- For kids

Sustainable light solutions
- Warm white light
- Philips bulb always included
- Energy saving

PHILIPS

Features

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

For kids

This Philips child's room lamp creates an environment that encourages children to indulge in what they enjoy most: fun and creativity! But this lamp is also designed to be safe for your child: it is cool to touch and robust, and uses non-toxic paint.
