SurroundCook - Dual Cavity Oven

DEB331010M

Expect even, every time
Achieving even results time after time demands precisely controlled heat, distributed consistently throughout your oven. Unlike standard ovens, the SurroundCook oven’s advanced fan technology ensures that every part of your dish is getting exactly the heat it needs.

Achieving even results time after time demands precisely controlled heat, distributed consistently throughout your oven. Unlike standard ovens, the SurroundCook oven’s advanced fan technology ensures that every part of your dish is getting exactly the heat it needs.

Product Benefits & Features

Cooked evenly everywhere
With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called Hot Air, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be reduced by up to 20%, saving you both time and energy

An at-a-glance overview of the status of your dish
The timer display provides an at-a-glance overview of the status of your dish. Its clear screen enables you to set an alarm, check directly on the time remaining before your dish is ready and to adjust the timer with accuracy and precision.

Perfectly bake even the largest batches
Less isn't always more, especially when it comes to delicious baked goodies. The XL Baking Tray is 20% larger than standard-sized baking trays, enabling you to turn out larger batches of sweet treats, with the satisfaction that every single one has been perfectly baked.

An accessible oven
This oven is designed with accessibility in mind; the trays can be inserted quickly and smoothly into the racks.

- 66 litre oven capacity
- 43 litre oven capacity
- Diamond-glazed enamel interior
- Isofront® double glazed doors
- Fan controlled defrosting
- 'AA' energy rating for optimum efficiency
- LED digital display
- Top oven features:
- Main oven features:
- Conventional cooking
- Base heat finishing

SurroundCook - Dual Cavity Oven

DEB331010M

Product Specification

Cleaning	Black Enamel
Cavity coating	Black Enameled
Dimensions (mm) (HxWxD)	888x594x568
Dimensions	875x560x550
Total electricity loading, W	4300
Voltage	220-240
Required Fuse	30
Frequency	50
Temperature range	50°C - 275°C
Maximum Microwave output (W)	0
Cavity size	66
Largest Surface area	1175
Energy class	A
Energy consumption per EU standard cycle	0.78
ProdPartCode	B - Open All
Colour	Stainless Steel
Plate	Black Enameled
