SteamBake - Oven

BES355010M

Add steam for crispier baking
In addition to all your standard oven functions, the PlusSteam button in this SteamBake oven adds steam at the beginning of the baking process. The steam cooking keeps the dough moist on the surface to create a golden color and tasty crust, while the heart stays soft and tender. In addition to baking crispy and tasty breads,

In addition to all your standard oven functions, the PlusSteam button in this SteamBake oven adds steam at the beginning of the baking process. The steam cooking keeps the dough moist on the surface to create a golden color and tasty crust, while the heart stays soft and tender. In addition to baking crispy and tasty breads,

Product Benefits & Features

Cooked evenly everywhere
With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called Hot Air, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be reduced by up to 20%, saving you both time and energy

Cook more at the same time and still get a perfect result
The additional heating ring in our oven ensures your dishes are evenly cooked – even when loaded with up to three trays – for corner to corner deliciousness. Sure to make each portion as perfect as the last.

An accessible oven
This oven is designed with accessibility in mind; the trays can be inserted quickly and smoothly into the racks.

An at-a-glance overview of the status of your dish
The timer display provides an at-a-glance overview of the status of your dish. Its clear screen enables you to set an alarm, check directly on the time remaining before your dish is ready and to adjust the timer with accuracy and precision.

Spotless clean surface
The anti-fingerprint coating on the metal finish prevents ugly, greasy fingerprints from marking the surface. As a result, your appliance will look perfectly clean all the time.

- 71 litre oven capacity
- Isofront® plus triple glazed door
- Fan controlled defrosting
- LED digital display
- Conventional cooking
- Base heat finishing

BES355010M

Product Specification

Cleaning	Aqua
Cavity coating	Grey Enamel
Dimensions (mm) (HxWxD)	594x595x567
Dimensions	590x560x550
Total electricity loading, W	3200
Voltage	240
Required Fuse	16
Frequency	50
Temperature range	50°C - 275°C
Maximum Microwave output (W)	0
Cavity size	71
Largest Surface area	1418
Noise	47
Energy class	A
Energy consumption, conventional mode, kWh per cycle	0.99
Energy consumption per EU standard cycle	0
ProdPartCode	S - Customer Specific ERT
Colour	Stainless Steel with antifingerprint coating
