Product Benefits & Features

Microwave-grill combination. Fast Cooking with a crisp finish
Combine the power of a grill and the efficiency of a microwave, with Fast Cooking. Melt mozzarella-topped toasties, or harden a crème brûlée's sugared lid, all in the microwave. Versatile cooking, mastered.

Connected Cooking for more control in the kitchen
Get your own personal assistant in the kitchen with Connected Cooking. Control the settings of your oven--including timing and temperature--from your mobile device. Get recipe inspiration and preparation tips. Or use it to check the progress of your dishes from another room.

Fast heat-up time, to get you cooking quickly
Superior and quick cooking results - this oven heats up fast, giving you more time to enjoy the meal with your family and friends.

Intuitive oven cooking. With touch display
The TFT touch display oven from AEG provides access to a wide variety of functions to suit every dish. Whether you're baking muffins or cooking salmon, temperature and timings can be adjusted with ease. Giving you direct feedback and highlighting the most important information.

A quicker way to toast and crisp
This highly efficient grill takes less time than traditional ovens, and will toast, crisp or brown your dishes to precision.
