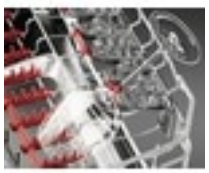
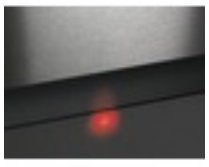
Product Benefits & Features

Easily load and unload all utensils
This dishwasher’s spacious, removable cutlery tray makes loading, washing and unloading utensils easy. Purpose-built to offer optimal space and functionality. It even has an extended corridor for long and bulky items.



Superior Cleaning and best glass care
Your delicate glasses can not be cleaned in a safer way thanks to AEG SoftGrip and SoftSpikes which perfectly holds your glasses, protecting them from getting damaged.



At-a-glance check
This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technlogy projects a red light onto the floor while the cycle is still in progress. And when everything is ready to unload, it switches to a green one. Simple, and effective.
