

Philips

Recessed spot light

- GALILEO
- matt chrome
- LED

59080/17/16

Accent your home with light

This trio of Philips SmartSpot Galileo LED recessed spots is perfect for accent lighting. Discreet and minimalist in design, they blend in with your ceiling, while the directional LEDs produce plenty of warm white energy-saving light.

Benefits

Sustainable light solutions

- High quality LED light
- Warm white light
- The perfect light beam for accent lighting
- Energy saving
- Long operating life of up to 15 years

Special characteristics

- Adjustable spot head

PHILIPS

Features

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Accent lighting

This Philips spot light has the perfect light beam for accent lighting. With bundled light you can emphasise any detail or feature in your interior.

Adjustable spot head

Direct the light where you want it most by simply adjusting, rotating or tilting the spot head of the lamp.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Long operating life

A light source you can trust. The integrated LEDs used in this Philips LED lamp will last up to 15,000 hours (which equals 15 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

Specifications
