Decorate your home with light

The Philips Circle ceiling light can be used on both ceilings and walls. Made to save more energy than other lights, the nickel light also has a long operating life, making it a valuable addition to your home.

Sustainable light solutions

- Energy saving
- Warm white light

Special characteristics

- Suitable for wall and ceiling installation

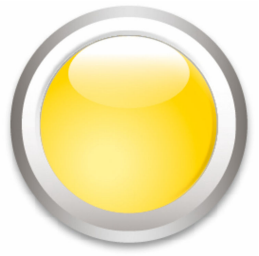

Highlights

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

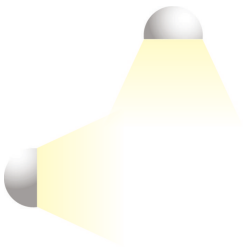

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light.

This Philips lamp offers warm white light for a cosy atmosphere.

Wall and ceiling installation

Install this lamp as a wall light or ceiling light, just the way you like it.
