Specifications

Bulb characteristics
- Base: Medium Screw (E26)
- Dimmable
- Shape: Reflector, Standard
- Type: Downlight
- Voltage: 120 V

Bulb dimensions
- Height: 9.7 inch
- Width: 10.2 inch

Durability
- Lifetime of lamp: 45000 hour(s)

Light characteristics
- Color temperature: 2700 K
- Application: Comfortable light, Accent light
- Light output: 800 lumen
- Color rendering index (CRI): 80

Power consumption
- Energy Star Certified
- Wattage: 15 W
- Wattage equivalent: 75 W

Highlights

Instant on

Just by flipping the switch, your room is at full brightness. No slow starting or waiting.

Dimmable***
This lamp can be used with most dimmers to create your desired ambience with smooth dimming to 10% of full light levels.

45,000-hr rated average life**

By using this ENERGY STAR approved LED Downlight, you can reduce the hassle of frequently replacing your light bulbs. It will last 45,000 hours.

Soft, diffused white light
This dimmable LED downlight his bulb produces a soft, diffused level of white light similar to a halogen bulb. It emits virtually no UV/IR light in the beam, and will not fade fabrics or furnishings.

Reduces energy costs
This dimmable downlight saves 60 watts of energy when compared to a 75 watt halogen BR40***

Sleek design for LED bulb
Can replace T8 or T12 linear fluorescent applications, and simple rewiring allows this lamp to run directly off mains voltage** and allows fixture to maintain original UL Compliance.

* At $0.11 kWh, this 15 watt, 800 lumen LED Downlight uses $41.25 of electricity over its 45,000 hour life. This is a $165.00 savings when compared to the $206.25 required to run a 75 watt, 750 lumen standard BR40 halogen, over the same period. Actual savings will vary depending on cost per kWh.
* *Rated average life based on engineering testing and probability analysis
* **In compliance with current ENERGY STAR requirements, light output of the LED Dimnable Downlight at 800 lumens compares to the 75 Watt standard halogen BR40 at 750 lumens.
