Lightstrip Plus base V4 80 inch

Hue White and color ambiance

- Power supply unit included
- Instant control via Bluetooth
- Control with app or voice*
- Add Hue Bridge to unlock more

046677555337

Limitless possibilities

Get colored smart light anywhere in your home with the latest Philips Hue White and color ambiance Bluetooth-enabled lightstrip, which includes a power adapter. The Hue lightstrip is flexible, allowing you to bend, shape, cut, and extend it (only compatible with the Lightstrip Plus Extension V4) to adapt to your room and decor. The Hue lightstrip features Bluetooth capability for instant light control in one room. Connect to a Hue Bridge to unlock the full suite of smart light features, including the ability to control up to 50 lights throughout your whole home — even while you're away.

Limitless possibilities

- Bright light for both function and mood
- Shape, cut, or extend your Lightstrip

Shape light your way

- Extendible up to 33 feet

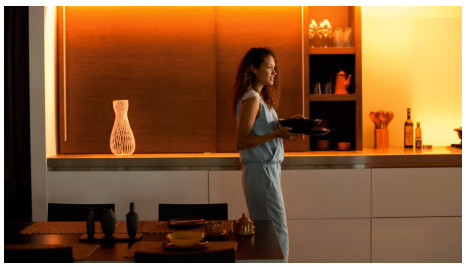
Issue date: 2026-01-11 Version: 0.117

Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice*
- Create a personalized experience with colorful smart light
- Set the right mood with warm to cool white light
- Unlock the full suite of smart lighting features with the Bridge

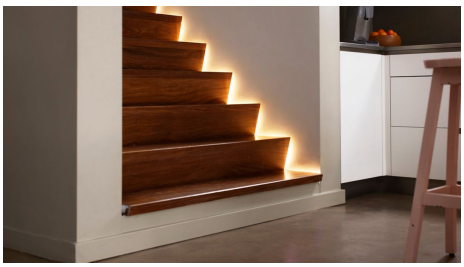
Highlights

Bright light output



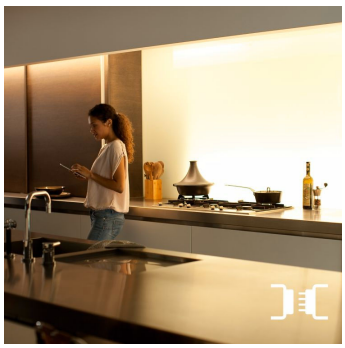
With light coverage over its total length and a high output of 1600 lumen, Philips Hue strip lights provide enough light to be used both as a decorative and functional light source.

Shape, cut, or extend your Lightstrip



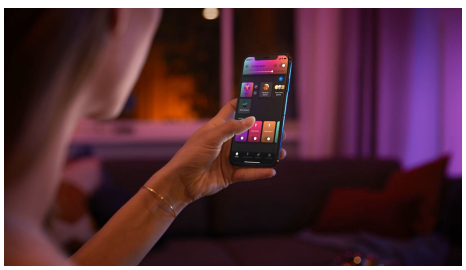
Completely flexible, the indoor strip light lets you shape and bend it to fit your space. Attach a Lightstrip extension for larger surfaces or cut the strip to size to fit into a smaller space. The leftover piece won't go to waste: use the included connector clip to attach the strip you've cut off to another Lightstrip base unit!

Extendible up to 33 feet



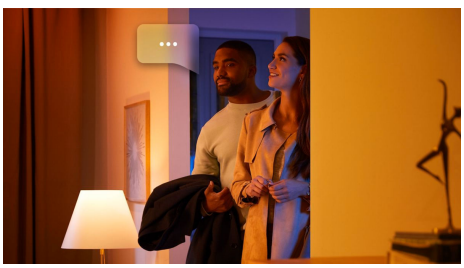
Extend your Philips Hue Lightstrip Plus up to 33 feet by adding 40 inch extensions to cover larger surfaces and enable wider applications. From bright cove lighting to ambient navigation light in your hallway or stairs, anything is possible. Philips Hue Lightstrip Plus gives you full color consistency from the first to the last extension.

Control up to 10 lights with the Bluetooth app



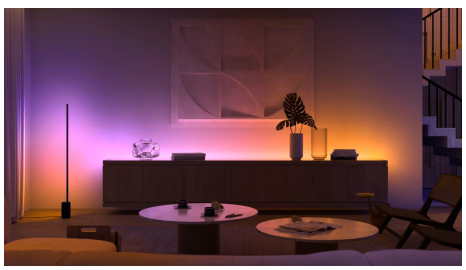
Philips Hue with Bluetooth is the easiest way to get started with smart lighting. Set the mood instantly with Bluetooth-enabled light fixtures and the Hue Bluetooth app, which allows you to control up to 10 lights in a room.

Control lights with your voice*



Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room or just a single lamp.

Create a personalized experience with colorful smart light



Instantly set the mood for any occasion with 16 million colors of light. Transform any room for an immersive entertainment experience, create the perfect atmosphere for a get-together with friends, or complement your home decor.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart — away-from-home control, voice control, automated lighting, and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.
