Test Conducted: base on **BS 5883:1996** Specification for Surface swimming goggles
Test Results: Details shown as following table

Clause	Test Method/Requirement	Result
4	**Safety requirements**	
4.1	**General** When measured with appropriate gauges, all components, excluding the seal and head strap, shall be free from exposed edges of radius less than 2 mm. ***NOTE.*** *There should be no other features present likely to cause discomfort in wear or injury in use.*	Pass
4.2	**Projections** When subjected to visual and tactile examination, the sealing face, including the strap lug where this is incorporated into the sealing face, shall be free from projections that would cause discomfort to the wearer.	Pass
4.3	**Material components** No metal parts shall be used. ***NOTE.*** *Materials used in parts that come into contact with the skin should not affect the skin adversely.*	Pass
4.4	**Lenses**	
4.4.1	**General** For afocal lenses the front surface shall be plane (i.e. zero power) and for prescription lenses: a) minus power lenses shall be of plane/concave form with the front surface plane; and b) plus power lenses shall be such that the front surface does not exceed 4 dioptres unless clinically required by a registered optician. ***NOTE.*** *4 dioptres is the limit specified in BS 7394 : Part 1 for ready-to-wear near-vision spectacles.* Tolerances shall be as given in BS 2738: Part 1.	Pass
4.4.2	**Impact strength** When tested in accordance with A.1, lenses shall not fracture or crack. If the lens and cup are moulded in one piece, the cup shall not fracture or crack when tested in accordance with A.1.	Pass
4.4.3	**Defects** When examined visually by the naked eye, lenses shall be free from material defects such as bubbles, striations, inclusions, or opacity or any surface defects such as scratches, mould marks, drawing striae. ***NOTE 1.*** *A description of defects sometimes found in glass and plastics used for lenses is given in appendix C of BS 2092.* ***NOTE 2.*** *Goggles should give adequate peripheral vision to the wearer.* The minimum optical aperture on the horizontal centre line shall be as follows: a) for adults' goggles : 36 mm; and b) for children's goggles : 30 mm.	Pass
4.4.4	**Leakage** When tested in accordance with A.2 the eye cups shall not leak.	Pass

Clause	Test Method/Requirement	Result
4.5	**Compressive strength of eye cup** When tested in accordance with A.3 goggles shall not fracture or splinter.	Pass
4.6	**Water seal**	
4.6.1	**Configuration** The form of the cushion/water seal shall be such as to cover the eye cup and to overlap the outside periphery by a minimum of 1 mm. ***NOTE.*** *A seal between the goggles (eye cup) and the face should be created either by the shape of the eye cup or by use of a soft cushioning material.*	Pass
4.6.2	**Adhesion of eye seal to eye cup** When tested in accordance with the method in A.4, no part of the water seal shall become detached from the eye cup.	Pass
4.7	**Head strap**	
4.7.1	**General** The head strap shall be adjustable in length so as to permit adjustment of tension to that sufficient to hold the goggles in position.	Pass
4.7.2	**Material** The head strap shall be made from an elastic material, or shall include a portion of elastic material, to assist in providing a seal around the eyes.	Pass
4.7.3	**Resistance to slipping** When tested in accordance with A.5, the amount of slippage of the head strap through the fastening device shall not exceed 3 mm.	Pass
4.8	**Bridge strap** If the bridge strap is supplied as a separate item it shall be adjustable in length. ***NOTE 1.*** *This is to allow correct fitting around the nose.* When tested in accordance with A.6 the bridge strap shall neither break nor slip through its retainer.	Pass
5	**Marking** Each pair of goggles shall be marked with the following information: a) the number of this British Standard, i.e. BS 5883:1996 b) the name, trademark or other means of identification of the manufacturer or supplier.	Pass
6	**Instructions** Instructions for use shall be provided with each pair of goggles, either on the packaging or as a separate instruction sheet. These instructions shall include information on the following: a) adjustment to head strap and bridge strap; b) fitting and removal of goggles; c) eye safety warning; d) an indication as to whether goggles are for children or adults; e) a statement that the goggles are `FOR SURFACE USE ONLY'; and f) if the water seal and eye cup are provided separately, the method of attachment. ***NOTE.*** *An example of instructions for fitting, adjustment and removal is given in annex B.*	Pass

Remark: 1. NA = Not applicable.
2. NT = Not tested as per client's request
