

Philips
Wall light

- Marina
- chrome

34110/11/16

Freshen up with beautiful natural light

Dream of the waves and sea breeze, while bathed in the even light of Marina. This Philips myBathroom wall light shows skin tones truthfully with its quality, energy-efficient light source and synthetic diffuser, and keeps moisture out.

Benefits

Designed for your bathroom

- True skin colour with high-quality light
- IP44, perfectly suited for your bathroom

Sustainable light solutions

- Warm white light
- Philips bulb always included
- Energy saving

Features

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

PHILIPS

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

Specifications
