### Designed for your bathroom

- True skin colour with high-quality light
- IP44, perfectly suited for your bathroom

### Sustainable light solutions

- Energy saving
- Warm white light
- Philips bulb always included

PHILIPS

# Highlights

## True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

## Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

## Philips bulb always included

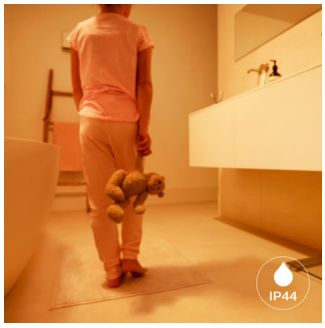

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

## Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

# Specifications

## Design and finishing
- Material: glass
- Colour: chrome

## Product dimensions and weight
- Height: 18 cm
- Length: 41.3 cm
- Width: 14 cm
- Net weight: 1.544 kg

## Technical specifications
- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: fluorescent, 230 V
- Number of bulbs: 2
- Fitting/cap: E14
- Wattage bulb included: 12 W
- Maximum wattage replacement bulb: 12 W
- Light colour: 2700K warm white
- Lamp lifetime up to: 8000 hrs
- IP code: IP44, protection against objects bigger than 1 mm, protection from splashed water
