# Freshen up with beautiful natural light

With a hot name and cool looks, the Philips myBathroom Thermal recessed spot light defines style. Rated IP44 for moisture resistance, this lamp filters the brilliant light into an even, skin-tone-accurate glow while illuminating the room.

## Benefits

### Designed for your bathroom
- True skin colour with high-quality light
- IP44, perfectly suited for your bathroom

### Sustainable light solutions
- Warm white light
- The perfect light beam for accent lighting
- Philips bulb always included
- Adjustable light intensity with dimmer switch
- Energy saving

## Features

### True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

### Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while

PHILIPS

those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

### Accent lighting

This Philips spot light has the perfect light beam for accent lighting. With bundled light you can emphasise any detail or feature in your interior.

### Philips bulb always included

High-quality Philips EcoHalo energy-efficient light bulbs are included in the box for achieving the best light effect.

### Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included).This makes the light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

### Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

### IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.
