- True skin colour with high-quality light
- IP21, perfectly suited for your bathroom

Sustainable light solutions

- Energy saving
- Warm white light
- Philips bulb always included
- Adjustable light intensity with dimmer switch

PHILIPS

Highlights

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

Philips bulb always included

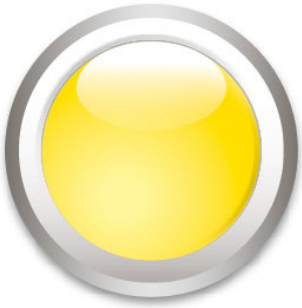

High-quality Philips EcoClassic energy-efficient light bulbs are included in the box for achieving the best light effect.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included).This makes the light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

IP21 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP21: it is protected against dripping water.

Specifications

Design and finishing
- Material: metal
- Colour: chrome

Product dimensions and weight
- Height: 14 cm
- Length: 28.5 cm
- Width: 28.5 cm
- Net weight: 1.650 kg

Technical specifications
- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: halogen, 230 V
- Number of bulbs: 3
- Fitting/cap: E14
