Freshen up with beautiful natural light

Your skin never looked more smooth thanks to the Philips myBathroom Silk wall light. It depicts skin tones accurately as its quality LED light illuminates brightly through a glass diffuser.

Benefits

Designed for your bathroom

- True skin color with high quality light
- IP44, perfectly suited for your bathroom

Sustainable light solutions

- High quality LED light
- Philips offers 5 year warranty on the LED module and driver
- Warm white light
- Energy saving
- Long operating life up to 15 years

Features

True skin color

This Philips bathroom light makes colors reflect in a natural and accurate way. Just the way the sun would do.

PHILIPS

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

5 year warranty on LED system

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

IP44 - bathroom safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water, this product is most common and ideal for bathroom use.

Long operating life

A light source you can trust. The integrated LEDs, used in this Philips LED lamp, will last up to 15.000 hours (which equals 15 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambiance in your home.

Specifications

[field not found 'disclaimer_text']

Design and finishing

Material	aluminium glass
Color	chrome

Extra feature/accessory incl.

5 years warranty on the LED module	YES

Product dimensions & weight

Height	6.5 cm
Length	12 cm
Width	14.3 cm
Net weight	0.485 kg

Technical specifications

Mains power	Range 220 V - 240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs	2
Wattage bulb included	2.5 W
Light color	warm white
