Freshen up with beautiful natural light

Enjoy the daylight-like brightness of the Philips myBathroom Baume ceiling light. The lamp's high quality LED light and synthetics diffuser put out optimal illumination with a long-lasting, energy-efficient light source.

Sustainable light solutions

- Adjustable light intensity with dimmer switch
- Energy saving
- High quality LED light
- Warm white light
- Philips offers a 5-year warranty on the LED module and driver
- Long operating life of up to 30 years

Designed for your bathroom

- IP44, perfectly suited for your bathroom
- True skin colour with high-quality light

Highlights

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal for two or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Energy saving

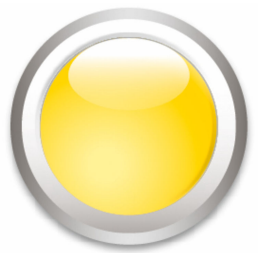

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

5-year warranty on LED system

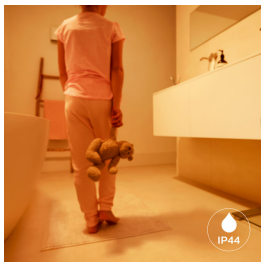

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

Long operating (30 yrs)

A light source you can trust. The integrated LEDs used in this Philips LED lamp will last up to 30,000 hours (which equals 30 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

Specifications

Design and finishing
- Colour: white
- Material: synthetics

Extra feature/accessory incl.
- Dimmable: Yes

Miscellaneous
- Especially designed for: Bathroom
- Style: Contemporary
- Type: Ceiling light
- EyeComfort: Yes

Power consumption
- Energy Efficiency Label: Built in LED
