Philips
Digital coax cable

0.75 m

SWA6721

Enjoy the ultimate listening experience

with this digital coax cable

Take your components to optimum performance. This top-of-the-range cable offers the best connection for transferring audio signals between components.

Enjoy better audio quality
- High-quality digital cable for great signal transfer
- Split centre pin for better signal transfer

Protects against signal loss
- 100% aluminium shielding
- Copper-braided shielding
- Foam Polyethylene (FPE) Dielectric

Easy installation
- Colour-coded connectors for instant recognition
- Non-slip ergonomic grip for easy use
- Plug and play for easy use

Enjoy extended durability
- Heavy-duty brass shell for extended durability
- Super pliable jackets for outstanding flexibility
- Reliable metal strain relief

PHILIPS
sense and simplicity

Digital coax cable
0.75 m

SWA6721/10

Specifications

Packaging Data
- Quantity: 1
- EAN/UPC/GTIN: 87 10895 99349 4
- Gross weight: 0.14 kg
- Tare weight: 0.01 kg
- Net weight: 0.13 kg
- Length: 230 mm
- Width: 165 mm
- Height: 60 mm

Inner Carton
- EAN/UPC/GTIN: 87 10895 99350 0
- Quantity: 2
- Gross weight: 0.4 kg
- Tare weight: 0.1 kg
- Net weight: 0.3 kg
- Length: 235 mm
- Width: 110 mm
- Height: 175 mm

Outer Carton
- EAN/UPC/GTIN: 87 10895 99351 7
- Quantity: 4
- Gross weight: 1.1 kg
- Tare weight: 0.28 kg
- Net weight: 0.82 kg
- Length (cm): 25 cm
- Width (cm): 23.5 cm
- Height (cm): 19.5 cm

Highlights

Digital signal transfer
High-quality cable provides great signal transfer, using digital technology.

Split centre pin
The split centre pin allows for better signal transfer and an improved connection to the component inputs.

100% aluminium shielding
This protective layer of aluminium guards against electromagnetic interference for improved signal quality.

Copper-braided shielding
This protective layer of copper blocks radio frequency interference for improved signal quality.

FPE Dielectric
Foam Polyethylene (FPE) dielectric is a superior insulation material that protects against signal loss.

Colour-coded connectors
Colour-coded connections make it easy to install your cable into the correct inputs and outputs

Easy grip
This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play
Plug and play offers easy installation of components without time-consuming installations.

Heavy-duty brass shell
The heavy-duty brass shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

Super pliable jackets
Super pliable PVC jackets are abrasion-resistant for outstanding flexibility and protection against everyday wear and tear.

Metal strain relief
Full metal connector ensures extended durability by preventing damage during use and installation.

Issue date 2009-08-05
