

BUSINESS DEVICES THAT ARE A CLASS APART

The entry-level ThinkPad, E Series features the famous keyboard and trackpoint, and is MIL-SPEC tested ensuring the build quality for which ThinkPad is renowned.

ThinkPad E14 Gen 3 (AMD)

Smarter technology for all

Lenovo

Built with a blend of sharp, minimalist design, MIL-SPEC durability, and precision engineering, this 14" entry-level business laptop carries the ThinkPad legacy, both in style and features. Powered by the latest AMD Ryzen™ 5000 Series mobile processors, it delivers exceptional performance – whether working remotely, on the road, or from an office. Up to 1.5TB of M.2 SSD with dual SSD option means reading and writing of large files is fast and reliable.

REASONS TO BUY

The device packs in top-notch audio/video features too. The display panel, housed in a narrow-bezel chassis, can be specced up to an IPS, 100% sRGB, FHD, putting out up to 300nits—perfect in any lighting condition. High-quality HARMAN speakers ensure everything is heard clearly.

A fingerprint reader built into the power button and optional IR camera enable accurate fingerprint and facial recognition so no unauthorized person can gain access to the device. Firmware-based TPM encrypts data, locking it away

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.
