

Replacement Kit

- 6 x dust bags (s-bag® CLP)
- 1 x Allergy filter
- 1 x triple-layer motor filter

FC8059/01

Replacement kit for Performer Active

Philips Original dust bags and filter replacements

Original starter kit for the Philips Performer Active range. The kit contains 6 dust bags, together with the motor and exhaust filters, which need to be replaced once a year.

Benefits

Philips Original accessories

- Allergy exhaust filter for excellent filtration
- s-bag® Classic Long Performance original dust bags
- Triple-layer motor filter

PHILIPS

Features

Allergy filter

The kit contains 1 x Allergy exhaust filter. The filter catches even the finest dust before the air is expelled back into the room. This results in clean, dust-free air in your home. The filter should be replaced once a year.

Triple-layer motor filter

The kit contains 1 x triple-layer motor filter. This filter prevents fine dust from reaching the motor and damaging it. The filter should be replaced once a year.

s-bag® Classic Long Performance

The kit contains 6 x s-bag® Classic Long Performance original dust bags. This original Philips dust bag has been developed to provide long-lasting vacuum cleaner performance, i.e. a high performance level and maximum filtration, up to the moment the dust bag is full and ready for disposal.
